1. Claims 1-8 and 10-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-8 and 21 are allowed because the prior art of record fails to teach, disclose, or fairly suggest a water treatment method comprising introducing light from at least one semiconductor laser into a treatment area as water passes through the treatment area, killing microorganisms. It is submitted that treating water by passing water over a surface containing a semiconductor such as titanium dioxide as the surface is irradiated by ultraviolet light is known in the art of water purification. However, killing microorganisms in water by using light from a semiconductor laser, as recited in claim 1 and described by the instant specification, is not disclosed by the prior art of record.

Claims 10-16 are allowed because the prior art of record fails to teach, disclose, or fairly suggest a water treatment system comprising at least one semiconductor laser coupled to a treatment area that is capable of killing microorganisms as water passes through the treatment area. It is submitted that water treatment systems comprising a surface having a semiconductor such as titanium dioxide is known in the art of water purification. However, a semiconductor laser coupled to a water treatment area, as recited in claim 10 and described by the instant specification, is not disclosed by the prior art of record.

Claims 17-20 are allowed for the reasons set forth in the previous Office Action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
